

Dear Patricia

Hello, how have you been? I hope you are doing well. I'm doing well too.

My class tour and sports Day have both ended successfully. Now, all I have left to do is complete my coursework and prepare for my internship. It was quite challenging to get through both of these activities, but I'm happy that everything went well in the end.

Next month, I will be joining a study tour in Central Thailand before starting my Internship. I will also have the opportunity to visit and learn from several places within my province. I'm excited and hope to gain many new experiences from activities.

At the moment, I'm working part-time at a shabu restaurant while continuing my studies. I'm earning extra income to save money for the tour and to gain valuable work experience. Although I'm very tired, I'm grateful that it is only physical exhaustion because it goes away after getting some rest. Mental exhaustion is much harder to deal with and can make it difficult to feel happy.

Recently, the weather in Thailand has been quite unpredictable, with sunshine and rain alternating throughout the day. How has the weather been there?

Lastly, I hope you stay healthy, take good care of yourself, and find happiness every day.

Love and respect

From Nakhwan
